For the Supply Chain Day 2024, the Cluster for Logistics Luxembourg and the BVL Chapter Luxembourg invite you to a guided site visit of Euro-Composites S.A. and IEE in Echternach. Participants have the unique opportunity to dive into the world of advanced composite components and innovative smart sensing solutions.

Participants will first visit Euro-Composites S.A.: After a company introduction (including an image film), participants will receive a tour of the production facilities. Next, the participants will walk to IEE, where they receive a second guided tour. They will explore transportation, warehousing, the printshop and the assembly area for sensing devices at IEE in Echternach.

Since spaces are limited, the event is reserved to Cluster for Logistics members with one person per company.*

Language: English
